SUBJECT INDEX

Abstracts, 283, 360
Acoustic schwannoma
  severe combined immunodeficiency, mouse model for, 228
Acquired immunodeficiency syndrome (AIDS)
  primary laryngeal T-cell lymphoma with, 332
Adenocarcinoma
  squamous cell carcinoma and, inverted papilloma associated with, 257
Adenotonsillectomy
  in von Willebrand disease, management in children, 172
Aerodigestive tract
  upper, four synchronous malignancies in, 207
Airway
  management, anesthesiology, recent advances, 145
  obstruction
    acquired, hypertrophic mucosa of the arytenoids and aryepiglottic folds, 71
    superiorly based, long-term tracheostomy, pediatric patients, 2511
Alkaline substance
  damage to esophageal mucosa, gastroesophageal reflux effects on healing, 45
Ameloblastoma
  malignant, review, 122
Anesthesiology
  airway management, recent advances, 145
Angiolymphoid hyperplasia
  with eosinophilia, vascular tumors of the head and neck compared, 240
Angioneurotic edema
  reaction to angiotensin-converting enzyme inhibitors, 87
Angiotensin-converting enzyme inhibitors
  angioneurotic edema as reaction to, 87
Animal models
  bacterial persistence, otitis media, PCR-based detection, 106
  mouse, severe combined immunodeficient, acoustic schwannoma, 228
  skin flap healing, fibrin glue use in, 27
Antimicrobial treatment
  bacterial persistence after, otitis media, PCR-based detection, chinchilla model, 106
Antrochoanal polyps
  children, 368
Aryepiglottic folds
  hypertrophic mucosa, acquired airway obstruction caused by, 71
Arytenoids
  hypertrophic mucosa, acquired airway obstruction caused by, 71
Atrophic rhinitis, 81
Audiometry
  pure-tone, auditory brainstem responses and, noise-induced deafness, 31
Auditory brainstem
  responses, pure-tone audiometry and, noise-induced deafness, 31
Auditory canal
  external, exostoses, Oregon surfers, 303

Bacterial DN
  PCR-based detection, otitis media, chinchilla model, 106
Black pigmentation
  thyroid gland, papillary carcinoma associated with, 299
Bone conduction
  hearing, fetal sheep, 374
Branchial cleft, first
  anomalies, clinical features, 233
Brown tumor
  mandible, 407

Calcifying epithelioma of Malherbe. *see* Pilomatrixoma
Cancer; Carcinoma. *see* specific type
Cholesteatoma
  with otitis media, ultrastructure of eustachian tube mucosa in, 161
Clinical trials
  design of
    (editorial), 1
    ethical issues in, 2
Cold water exposure
  exostoses, in external auditory canal, surfers, 303
Computed tomography
  nontraumatic prolapse of orbital contents, ethmoid sinus, 184
Computers
  intraoperative navigation, skull base surgery, 95
Cranial base
  surgery, intraoperative navigation, computer-assisted, 95
  Wegener's granulomatosis, 349
Craniofacial Anomalies: Growth & Development From a Surgical Perspective (book review), 281
Craniofacial resection
  vascular leiomyoma, nasal cavity, 340
Cricothyroid puncture
  transtracheal jet ventilation and, management of difficult airway, 145
Crohn's disease
  relapsing polychondritis, 424

Deafness
  noise-induced, pure-tone audiometry and auditory brainstem responses in, 31
Dysphonia
  ventricular, false vocal fold mucosal traveling wave, 427

Ear canal
  irrigation, spontaneous cerebrospinal otorrhea after, Mondini's dysplasia, 202
Editorials, 1, viii(4)
Editorials, Guest, 363
Ehlers-Danlos syndrome
  aural manifestations and treatment, 432
Embryology
  thyroid gland, lateral cystic neck mass, 12
Endoscopic surgery
  ethmoid, ophthalmic complications and their management, 322

Endoscopy
  treatment of ethmoid mucoceles, pediatric, 197
Endotracheal intubation
  flexible fiberoptic, management of difficult airway, 145
Endotracheal tube exchange catheters
  management of difficult airway, 145
Eosinophilia
  with angiolymphoid hyperplasia, vascular tumors of the head and neck compared, 240
Epstein-Barr virus
  genomes, lymphoepithelioma of the larynx, 61
Esophageal mucosa
  alkaline substance damage, gastroesophageal reflux effects on healing, 45
Esophageal-Tracheal Combitube
  management of difficult airway, 145
Esophagus
  complete stricture, neglected foreign body, 272
  synchronous tumors, Grand Rounds, 22
Ethics
  design of clinical trials, 2
Ethmoid sinus
  mucoceles, endoscopic treatment, 197
  nontraumatic prolapse of orbital contents into, CT evaluation, 184
Eustachian tube
  mucosa, ultrastructure, chronic otitis media with cholesteatoma, 161
Exostoses
  external auditory canal, Oregon surfers, 303
Extracorporeal lithotripsy
  salivary stones, 246
Eyelid flap
  upper, medially based myocutaneous, lateral nasal defect reconstruction, 118

Facial bones
  extranodal non-Hodgkin's lymphoma in, 276
Facial lesions
  lupus pernio, CO_2 laser excision of, 260
Facial nerve
  tympanic segments, outgrowth schwannoma arising from, 311
Fibrin glue
  autologous plasma, otologic use, 92
  healing and, skin flaps, 27
Focal myositis
  sternocleidomastoid muscle, 215
Foreign body
  neglected, esophageal stricture resulting from, 272
  removal, midfacial degloving technique, 67

Gastroesophageal reflux
  carcinoma of the larynx with, 386
  effect on healing, damaged esophageal mucosa, 45
Glue Ear in Childhood (book review), 358
Grand Rounds
  papillary thyroid carcinoma, squamous cell carcinoma and, head and neck, 190
  Princess Alexandra Hospital, Brisbane, Australia, 22

Head and neck
  deep neck infections, 287
  mumps virus infection, unusual manifestation of, 420
  neurofibromas, pediatric, management of, 136
  osteogenic sarcoma of maxillary alveolus, after nuclear accident, 210
  pilomatrixoma, 133
  vascular tumors, angiolymphoid hyperplasia with eosinophilia compared, 240
Head and neck cancer
  extranodal non-Hodgkin's lymphoma, 276
  radial forearm free flap for, single *versus* dual venous drainage, 112
  radiotherapy, intraoperative, mortality and morbidity with, 308
  simultaneous squamous cell carcinoma and reticuloendothelial malignancy, 178
  squamous cell carcinoma, papillary thyroid carcinoma associated with, Grand Rounds, 190
  upper aerodigestive tract, four synchronous malignancies in, 207
Hearing
  bone conduction, fetal sheep, 374
Hearing loss
  noise-induced, pure-tone audiometry and auditory brainstem responses in, 31
Hereditary Hearing Loss and Its Syndromes (book review), 78

Immunodeficiency
  severe combined, mouse model for acoustic schwannoma, 228
Infection
  deep neck, 287
Intraoperative navigation
  computer-assisted, skull base surgery, 95

Keratosis obturans
  epithelial migration, 411

Laryngeal carcinoma
  recurrence, after laryngectomy, 380
Laryngeal Mask Airway
  management of difficult airway, 145
Laryngectomy
  laryngeal carcinoma recurrence, analysis, 380
  supraglottic laryngeal cancer, postoperative *versus* primary radiation, 316
Laryngomalacia
  airway obstruction and, 71
Laryngopyocele
  atypical case, 345
Laryngoscope
  Bullard, management of difficult airway, 145
Larynx
  carcinoma, gastroesophageal reflux patients, 386
  local recurrence of carcinoma, after laryngectomy, 380
  lymphoepithelioma, 61
  premalignant lesions, proliferating cell nuclear antigen expression, 36
  T-cell lymphoma, AIDS patient, 332
Laser surgery
  CO_2, excision of lupus pernia, face, 260
Leiomyoma
  vascular, nasal cavity, craniofacial resection for, 340
Leiomyosarcoma
  primary, mandibular, 415
Light wand
  management of difficult airway, 145
Lithotripsy, extracorporeal
  salivary stones, 246
Lupus pernio
  face, CO_2 laser excision of, 260
Lymphoepithelioma
  larynx, 61

Lymphoma
non-Hodgkin's, extranodal, head and neck, 276
T-cell, laryngeal, AIDS patient, 332

Mandible
ameloblastoma, malignant, 122
brown tumor, 407
primary leiomyosarcoma, 415
reconstruction, vascularized free tissue transfer, 219
Maxilla
ameloblastoma, malignant, 122
Maxillary alveolus
osteogenic sarcoma of, five years after Chernobyl nuclear accident, 210
Maxillary sinus
bilateral odontogenic keratocysts, 269
Midfacial degloving
unusual foreign body, 67
Mondini's dysplasia
incidental diagnosis, CSF otorrhea after ear canal irrigation, 202
Mononucleosis
infectious, pediatric, otolaryngologic clinical patterns, 397
Mumps
virus infection, unusual head and neck manifestation, 420

Nasal cavity
sinonasal undifferentiated carcinoma, 167
vascular leiomyoma, craniofacial resection for, 340
Nasal disease
chronic, atrophic rhinitis, 81
inverted papilloma, associated with squamous cell carcinoma and adenocarcinoma, 257
Nasal polyps
antrochoanal, children, 368
Neck
deep infection, 287
Neck mass
focal myositis, sternocleidomastoid muscle, 215
lateral cystic, thyroid tissue contained in, 12
thymic cyst, 64
Neurofibromas
head and neck, pediatric, management of, 136
Non-Hodgkin's lymphoma
extranodal, head and neck, 276
Nose
lateral defect, reconstruction with medially based myocutaneous upper eyelid flap, 118
obstruction, sporotrichosis, infant, 75
Nuclear accident
Chernobyl, osteogenic sarcoma of maxillary alveolus, 210

Occupational Lung Disorders, Ed 3 (book review), 281
Odontogenic keratocysts
bilateral, maxillary sinus, 269
Oncocytoma
benign and malignant tumors, 335
Orbital contents
nontraumatic prolapse, into ethmoid sinus, CT evaluation, 184
Osteitis
suppurative petrous apicitis, imaging case report, 54
Osteogenic sarcoma
maxillary alveolus, five years after Chernobyl nuclear accident, 210
Osteomyelitis
suppurative petrous apicitis, imaging case report, 54
Otitis media
bacterial persistence, PCR-based detection after antimicrobial treatment, chinchilla model, 106
cholesteatoma with, ultrastructure of Eustachian tube mucosa in, 161
chronic, complicated and uncomplicated, 391
Otorrhea
cerebrospinal, after ear canal irrigation, Mondini's dysplasia and, 202

Papillary carcinoma
black discolored thyroid gland and, 299
Papilloma
inverted, squamous cell carcinoma and adenocarcinoma associated with, 257
Paraffingranuloma
periorbital, after paranasal sinus surgery, 264
Paranasal sinuses
sinonasal undifferentiated carcinoma, 167
surgery, periorbital paraffingranuloma after, 264
Parapharyngeal space
recurrent rhabdomyoma, 58
Parotid gland
metastasis, surgical approach, 102
oncocytic tumors, 335
PCR. *see* Polymerase chain reaction
Pediatrics
antrochoanal polyps, 368
ethmoid mucoceles, endoscopic treatment, 197
foreign body ingestion, neglected, complete esophageal stricture, 272
hearing, bone conduction, fetal sheep, 374
infectious mononucleosis, otolaryngologic clinical patterns, 397
massive neurofibromas, head and neck, management of, 136
nasal obstruction, infant, 75
physician survey, tracheotomies in children, 50
tracheostomy, long-term, superiorly based, 2511
von Willebrand disease, adenotonsillectomy in, management, 172
Pepsin
exposure, burned esophageal mucosa healing and, 45
Pharyngotonsillitis
infectious mononucleosis and, pediatric, 397
Pharynx
local recurrence of carcinoma, after laryngectomy, 380
Physician survey
tracheotomy care, pediatric, 50
Pilomatrixoma
head and neck, 133
Plasma
autologous fibrin glue produced from, use in otologic surgery, 92
Polychondritis
relapsing, Crohn's disease and, 424
Polymerase chain reaction
detection of bacterial persistence, otitis media, chinchilla model, 106
Premalignancy
larynx, proliferating cell nuclear antigen expression, 36
Principles of Facial Reconstruction (book review), 358
Proliferating cell nuclear antigen
expression, premalignant lesions, larynx, 36

Radial forearm free flap
single *versus* dual venous drainage, after reconstruction, 112
Radiation therapy
head and neck cancer, intraoperative, mortality and morbidity with, 308
postoperative *versus* primary, with laryngectomy, supraglottic laryngeal cancer, 316
Radiology
suppurative petrous apicitis, 54
Reconstruction. *see also* Surgery
head and neck cancer, radial forearm free flap, 112
lateral nasal defect, medially based myocutaneous upper eyelid flap for, 118
mandibular, vascularized free tissue transfer, 219
Reticuloendothelial malignancy
simultaneous squamous cell carcinoma, head and neck, 178
Retrograde intubation
management of difficult airway, 145
Rhabdomyoma
recurrent, parapharyngeal space, 58
Rhabdomyosarcoma
botryoid embryonal, Stensen's duct, 127
Rhinitis
atrophic, 81

Salivary stones
extracorporeal lithotripsy treatment of, 246
Schwannoma
acoustic, severe combined immunodeficient mouse model for, 228
outgrowing, facial nerve tympanic segments, 311
Serous effusion
Ehlers-Danlos syndrome, 432
Sinonasal undifferentiated carcinoma
10-year experience, 167
Sinus surgery
ophthalmic complications of, 322
Skin flaps
healing, fibrin glue use in, 27
Skull base. *see* Cranial base
Sporotrichosis
nasal obstruction, infant, 75
Squamous cell carcinoma
adenocarcinoma and, inverted papilloma associated with, 257
head and neck, papillary thyroid carcinoma associated with, Grand Rounds, 190
simultaneous reticuloendothelial malignancy, head and neck, 178
thyroglossal duct cyst, 353
Stensen's duct
botryoid embryonal rhabdomyosarcoma, 127
Sternocleidomastoid muscle
focal myositis of, 215
Submandibular gland
involvement in mumps virus infection, adult, 420
Suppurative petrous apicitis
imaging case report, 54
Supraglottic laryngeal cancer
laryngectomy, postoperative radiation *versus* primary radiation for, 316
Supraglottic mucosa
airway obstruction and, 71
Surfers
exostoses in external auditory canal in, 303
Surgery
antrochoanal polyps, children, 368
CO_2 laser, excision of lupus pernia, face, 260
craniofacial resection, vascular leiomyoma of nasal cavity, 340
endoscopic, treatment of ethmoid mucoceles, pediatric, 197
ethmoid, endoscopic, ophthalmic complications and their management, 322
fibrin glue use in, 92
skin flap healing, 27
first branchial cleft anomalies, 233
head and neck cancer
intraoperative radiotherapy with, 308
radial forearm free flap, venous drainage of, 112
laryngectomy
laryngeal carcinoma recurrence after, 380
supraglottic laryngeal cancer, radiation and, 316
lateral nasal defect, medially based myocutaneous upper eyelid flap, 118
paranasal sinus, periorbital paraffingranuloma after, 264
parotid gland, metastasis, 102
pilomatrixoma, head and neck, 133
skull base, computer-assisted intraoperative navigation in, 95
Surgical technique
midfacial degloving, unusual foreign body, 67
transconjunctival approach, facial trauma, 16

The External Ear (book review), 358
The Merck Manual of Geriatrics, Ed 2 (book review), 281
Thymus gland
cyst, adult, 64
Thyroglossal duct
cyst, squamous cell carcinoma, 353
Thyroid gland
black discoloration, papillary carcinoma with, 299
carcinoma, well-differentiated, 401
lateral aberrant, lateral cystic neck masses, 12
papillary carcinoma, associated with squamous cell carcinoma, head and neck, Grand Rounds, 190
Tracheoesophageal fistula
malignant, Grand Rounds, 22
Tracheostomy
long-term, superiorly based, pediatric patients, 2511
Tracheotomy
pediatric, physician survey on care, 50
Transconjunctival approach
facial trauma, avoidance of complications, 16
Transtracheal jet ventilation
cricothyroid puncture and, management of difficult airway, 145
Trauma
facial, transconjunctival approach, avoidance of complications, 16
Tympanic segments
facial nerve, outgrowth schwannoma arising from, 311

Vascularized free tissue transfer
mandibular reconstruction, 219
Ventricular dysphonia
false vocal fold mucosal traveling wave, 427
Vocal fold
false traveling wave, ventricular dysphonia and, 427
von Willebrand disease
adenotonsillectomy in, management, children, 172

Wegener's granulomatosis
skull base, 349
Wound healing
fibrin glue and, 27
